

eLearning Forum Asia @ Learning & Teaching Expo 2018

Introduction of eLearning Forum Asia (eLFAAsia)

The eLFAAsia conference aims at advancing knowledge of the use of information technology in learning and teaching. With the support from industry and service providers of eLearning applications and solutions, the Forums have been held annually in turn in Hong Kong, Taiwan, Mainland China, and Singapore. Over the years, the Forums have been attracting an increasing participation from around the region and gaining recognition as major events for the Asian academic community.

eLFAAsia and Learning & Teaching Expo

Due to the overwhelming response in 2015 and 2016, this year eLFAAsia returns to Learning & Teaching Expo (LTE) with renowned and experienced education scholars and experts to illustrate the latest educational trends of using technology to enhance learning and teaching in the higher education sector. The eLFAAsia conference will take place on 14 December in the Higher Education Theatre of LTE.

About Learning & Teaching Expo

Learning & Teaching Expo is Asia's Leading Education Expo and Hong Kong's annual signature education event. The Expo is well supported by the education community across the Asia-Pacific region. In 2018, the Expo enters its ninth year and it will continue to provide an annual platform for education buyers, governments, school leaders, teachers and educators in Asia to discover the latest developments in educational resources and learning technology.
