

Badaboom Tutorial

How to create your own game!

In General

Step1

Go to the Badaboom! website: <https://badaboom.hk/>

Step2

Login

Join BaDaBoom

Login with

Sign Up

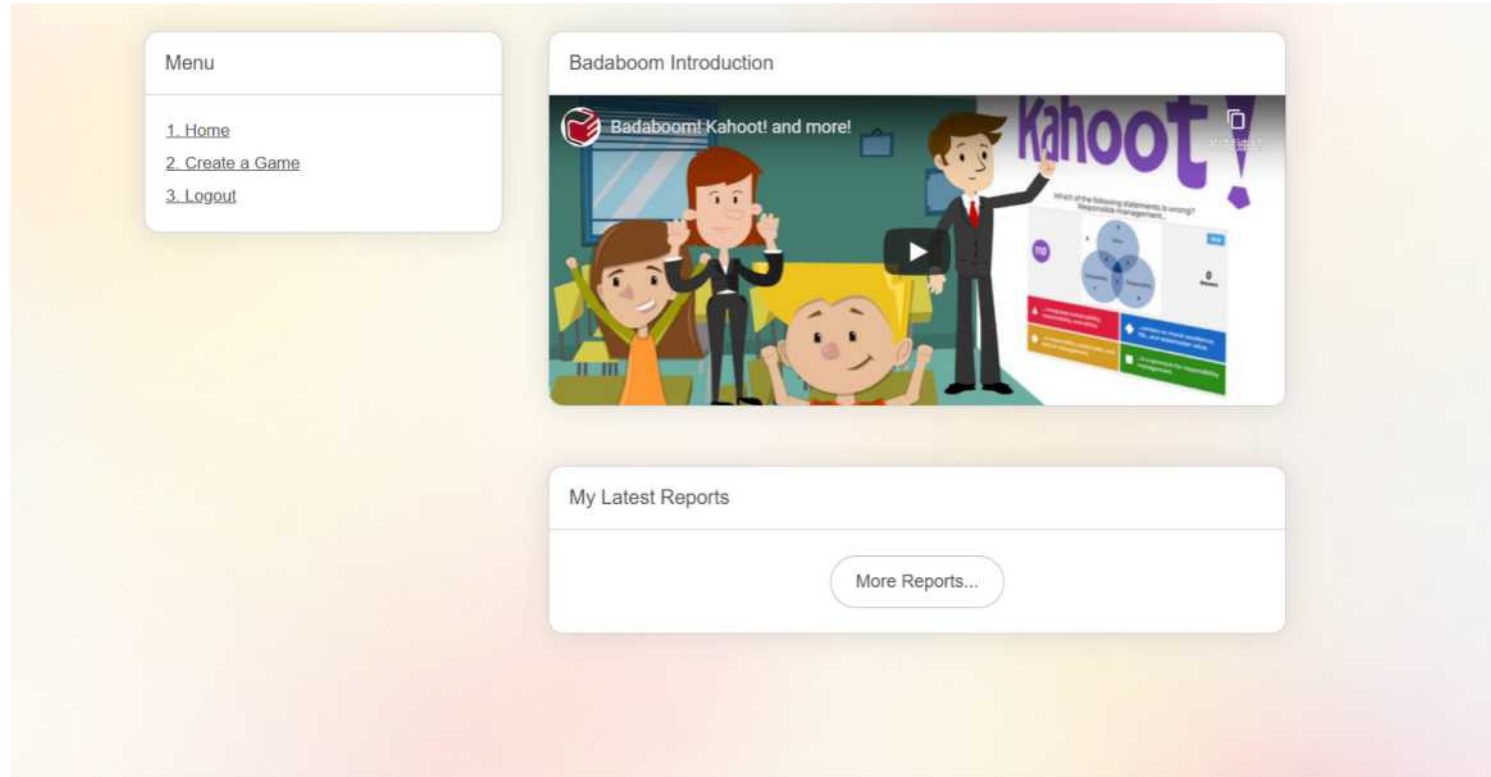

Join BaDaBoom

Signup with

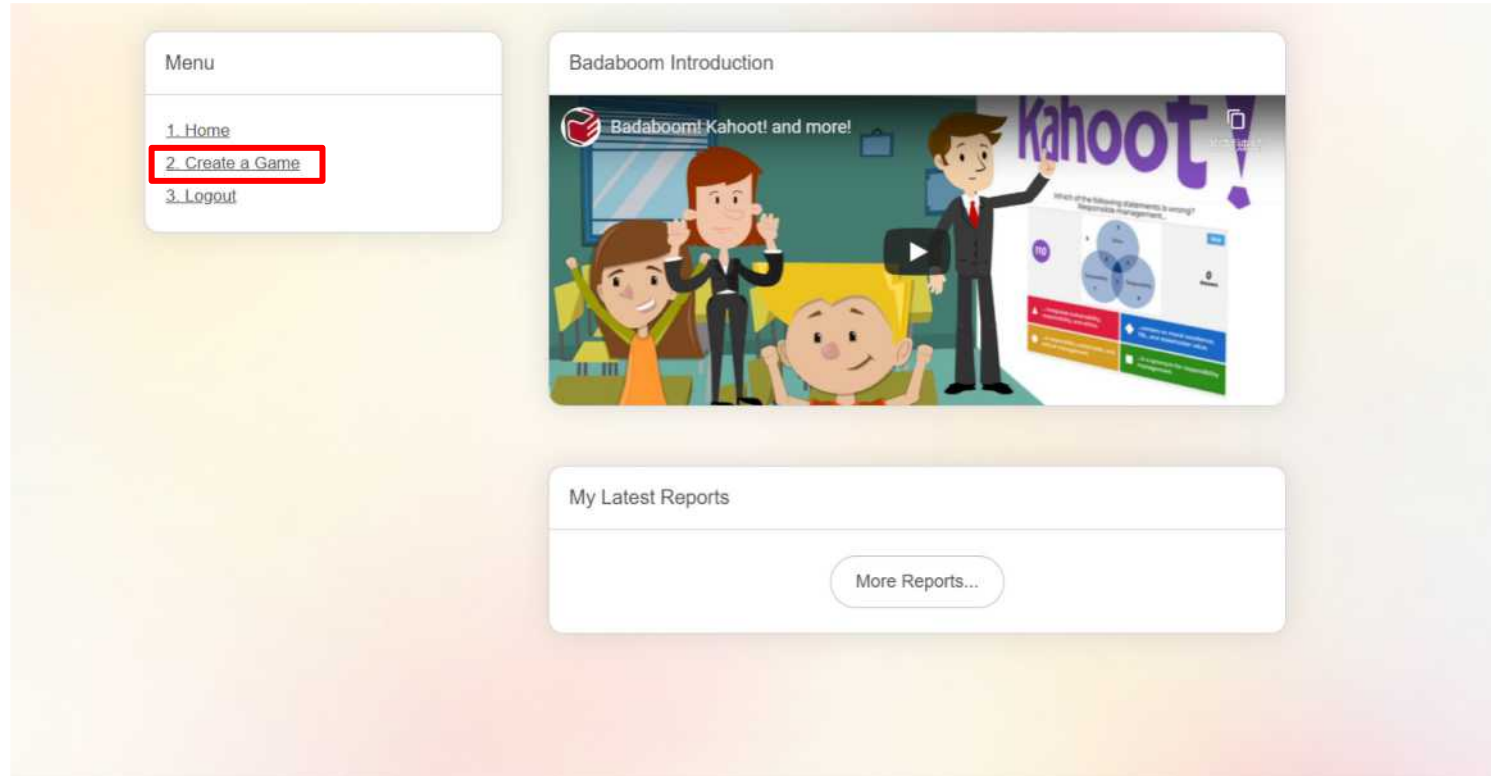

Login if you have an account; if not, please sign up for one.
There are four ways you can login/sign up: a Google account, a Facebook account, a Twitter account and through personal email.

Step3

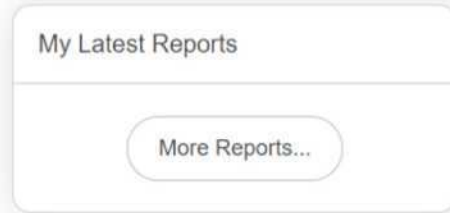

You will be taken to your dashboard when you login.

Step4

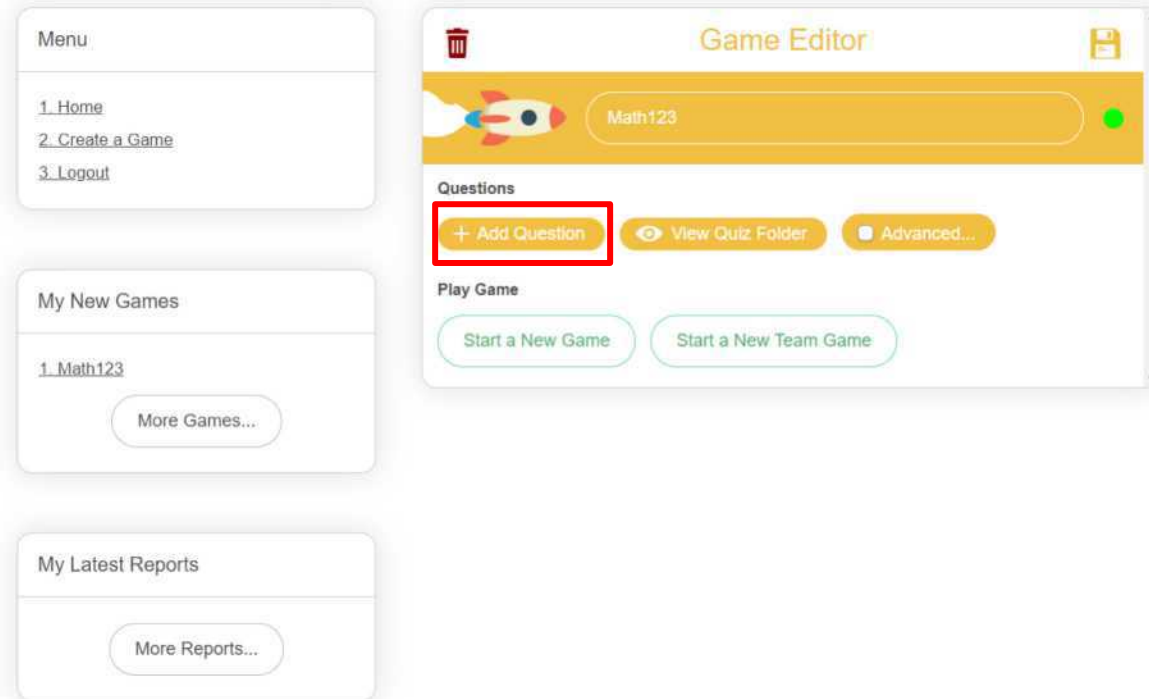

On the menu, click on “Create a Game”.

Step5

Enter a title for your new game. Afterwards, click on the “Let’s create a game” button below it.

Step6

Click on the “Add Question” button to add a question for this game

Step7

The screenshot shows the 'Question Builder' interface. At the top right, it says 'Data Saved to Cloud...'. Below the title, there is a 'Go Back' button. The main area is divided into three sections: 'Time Duration: (seconds)' with a text input field containing '30'; 'Question:' with a rich text editor containing the placeholder 'Please Type your Question here in latex format...'; and 'Choose Answer Type' with six colored buttons: 'Multiple Answer MC' (blue), 'Single Answer MC' (red), 'Text Answer' (green), 'Math Equation Doodle' (yellow), 'Ranged Value Answer' (orange), and 'Open Ended Question / Survey' (purple). At the bottom, there is a 'Finished, Go Back' button. To the right of the main interface is a smartphone preview showing a question layout. Three callout boxes point to specific parts: a yellow box points to the time duration field, a blue box points to the question text area, and a red box points to the answer type selection buttons. A green box points to the smartphone preview.

The time limit of this question

Enter your question here. Use the icons to include images or equations in your question.

Choose your question type

Preview of question layout

Enter your question and choose question type

Step8a - Multiple choice questions

Enter an answer choice in here

Choice A
 is a correct answer?

Choice B
 is a correct answer?

Choice C
 is a correct answer?

And here

Here as well

Data Saved to Cloud...

Q: 24+54

Single Answer MC

- A
- B
- C
- D

Remember to check the “is a correct answer?” box for the real answer

For a multiple choice question sample, enter an answer in each choice. Depending on whether its a single or multiple answer question, mark one or many choices as the correct answer.

Step8b - Unrestricted answer questions

Correct Answer:

$$y = x^2 - 1$$

`$$y=x^{2}-1$$`

For “Math Equation Doodle”, enter a Latex equation that players will need to input (through hand recognition).

Multiple Correct Text Answer:

You can use new line to define more than one correct answer

heat energy
thermal energy

Possible Answer

- heat energy
- thermal energy

For “Text Answer”, input multiple correct answers that players will need to type in.

Ranged Value Answer X

Max

42.7

Min

42.3

Correct Value

42.5

For “Ranged Value Answer”, allow a margin or error by choosing a number range of valid answers.

Step9

• Add a Choice

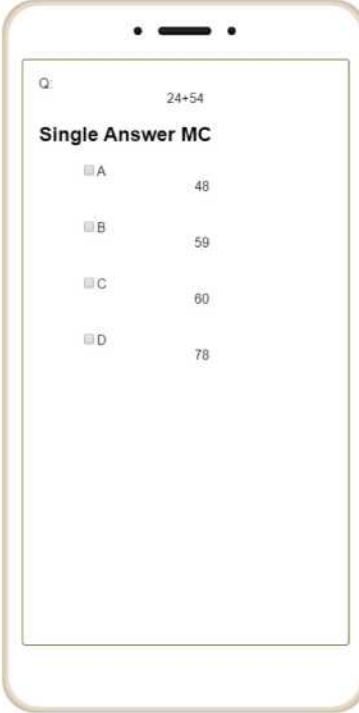

Explain

Subject

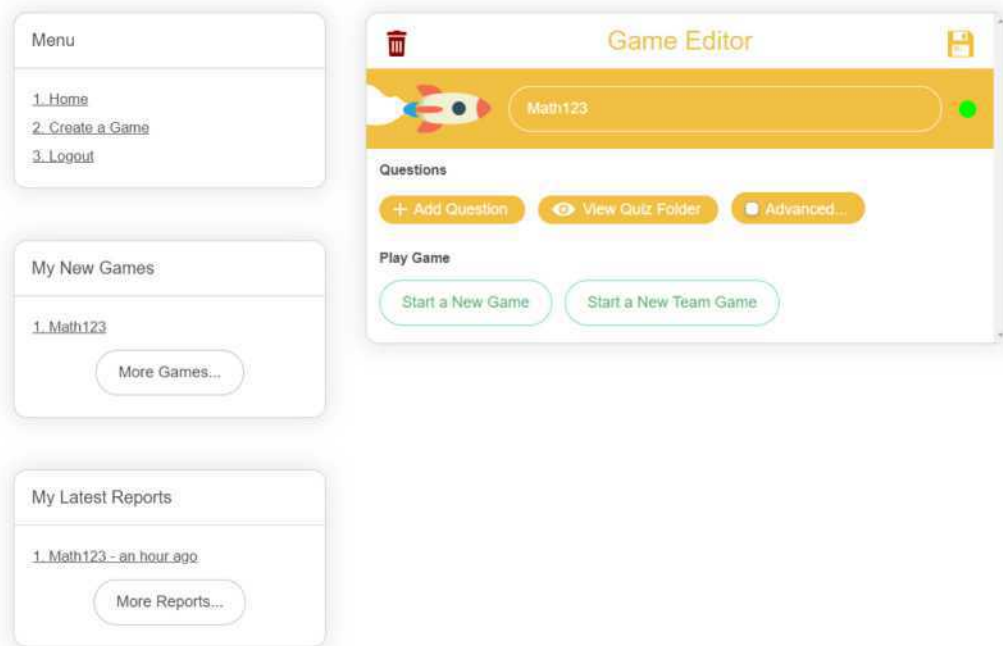

Finished, Go Back

Q:	24+54
Single Answer MC	
<input type="checkbox"/> A	48
<input type="checkbox"/> B	59
<input type="checkbox"/> C	60
<input type="checkbox"/> D	78

Click on “Finished, Go Back” button when you are done

Step10

Congratulations! You added your first question!
Your game is ready to play, or repeat the process to add more questions!

Step 11

The image displays three sequential screenshots of a game editor interface. The first screenshot shows the 'Game Editor' main screen with a sidebar on the left containing 'Menu', 'My New Games', and 'My Latest Reports'. The 'View Quiz Folder' button is highlighted with a red box. The second screenshot shows the 'Question Folder' for 'Math123', featuring a 'Go Back' button, a 'Photo Gallery' and 'Add Question' button, a large question area containing '24+54', and 'View Question' and 'Remove' buttons. A 'Go Back' button is also present at the bottom.

You can also view, edit, add and reorder questions by accessing the Question Folder through the button “View Quiz Folder”.
